Vistara 11/05-11/11

Progress ● Added the changes to Owner Dashboard (Snow) ● Began Renter Dashboard (Snow) ● Created Job Posting Document (Snow) ● Property Info API (Matthew) ● Swagger research (Tszfai) ● Set up CI/CD to push most recent stable code to Google Artifact Registry (Dan) ● Finishing up frontend integration for payment (Grahith)	Risks ● None
Plans ● Finish Renter Dashboard (Snow) ● Account Page Dashboard (Snow) ● More Swagger research (Tszfai) ● Get containers to talk to each other nicely on VPC (Dan)	Needs ● Trevor: Please log into Google Cloud console at some point and change the primary billing to something that's yours. We're required to set up a billing account to use Google Cloud and temporarily it's Dan's card; you can delete this and change it.
